### VOTERS LEAGUE IS FORMED AND PLANS ARE OUTLINED

HERMISTON, Ore., March 9.—The Voters' League was organized Saturday evening, pursuant to a call having been issued by the precinct committees. The voters of the entire project were represented and it is now assured that the league will have a large membership. S. R. Oldaker was chosen temporary chairman and F. R. Reeves temporary secretary. A committee was chosen to draft by-laws and prepare a set of resolutions which will be designed to cover county, legislative and state matters in Hermiston and vicinity. A permanent organization will be effected at the next meeting.

The league will be strictly non-partisan. One object will be to educate the voters on the political issues of the year. Another will be to secure a good registration. Candidates for office will be consulted as to their position on matters of importance to this locality and such matters will be made clear so that candidates will know the needs of the people here.

### Pendleton, Umatilla County, Oregon

A few of the best bargains to be found in the county:  
470 acres, 240 of same in grain, good house and barn, price \$25 per acre, including all the crop. Easy terms.  
700 acres, 230 in wheat, has produced 43 bushels to the acre; good house, two barns, abundance of water, all goes for \$32.50 per acre.  
500 acres, 200 in wheat, 3 miles to R. R. house, barn, and abundance of water piped into house and barn; 180 summer followed. Price \$16 per acre. 80 sacks of potatoes was raised on half acre last year on this farm; wheat made 35 bu. per acre. Easy terms.  
640 acres, 85 per cent tillable, North slope, good improvements, orchard and etc., 2 miles to town and depot. A bargain at \$20 per acre, terms.  
350 acres, 440 in grain, lies pretty; all goes at \$35 per acre.  
Two sections adjoins city limits and close to depot and warehouse, half in grain and nearly all tillable, and lies nearly level, can be bought including 1-3 of growing crop, at \$35 per acre.  
1200 acres, 100 set to alfalfa. 75 more nearly ready to seed, and can be irrigated from stream that runs through premises without extra cost. There are two houses, barns and orchards. The hill land is the same as the famous reservation land, and has produced 100 bushels of barley per acre. It is only one and a half miles down grade to town and depot. You can buy it for \$25 per acre, and pay half down, and the balance when it is convenient. This is a dandy hog ranch. Large tract of land suitable for colony, \$15.00 per acre.

### Newsy Notes of Pendleton

**Chief Kearney Ill.**  
Chief of Police John Kearney was forced by illness to go home yesterday and was unable to come down at all today. He is suffering with lagrippe.

**More Pheasants Liberated.**  
District Game Warden E. F. Averill this morning received another consignment of pheasants for liberation in the fields of Umatilla county. In the shipment were a dozen more Hungarian pheasants and two dozen additional China pheasants. The former will be taken to Pilot Rock for liberation on the game refuge at that place and a dozen each of the Mongolian birds will be allotted to the Adams and Athena reserves.

**East Has Nothing on West.**  
That the east has nothing on the west in the way of modern improvements and progressiveness is the opinion of Harry D. Gray, who arrived home this morning from a long tour of eastern and southern states in company with Charles Bobb, who returned several days ago. Mr. Gray declares eastern cities are superior to western in size only. In fact he states that by far the finest train he rode on while absent was the Shasta Limited over the S. P., the service of which was far better than anything he saw in eastern states.

**Invited to State Convention.**  
The Umatilla County Fish and Game association has received an urgent invitation to be numerous representatives at the annual state convention for rod and gun clubs which will be held in Portland commencing Monday, March 16. On the day previous, which will be next Sunday, a state casting contest and a state trap shoot will be held on the grounds of the Portland Gun Club, who have invited the association to send a team. The invitation is being sent out by H. B. Van Duzen, president of the Multnomah Anglers' Club.

**Who Said Rabbits to Stranger?**  
Who is the lady that talked rabbits to a stranger last fair time? Whoever she is she is wanted. The stranger was Ned L. Nottingham of Cuba, N. Y., and he is interested in the lady, or maybe it is her rabbits. Anyway, he wants to locate her or ascertain her name. This particular lady had an exhibit of rabbits at the fair. Mr. Nottingham came here to see the round-up and during the evenings visited the fair pavilion. There he saw the rabbits and met their owner. He had "quite a talk" with her, he writes to Postmaster Brown, and wants very much to secure her address. Can anyone help him out?

**"Round-up for Christ."**  
"Round-up for Christ," in large letters is the legend on the wall at the Tutuila Indian church during the present revival. Sunday was a large day with interest growing. The following visitors were there from Pilot Rock: Misses Georgia Jaques and Lucille Gilliland, Lon Etter, Arthur Bond, J. M. Jones, J. W. Crow and George Adams. Other visitors arriving from other reservations on Saturday were Wm. Corbett, Edna Newman, Mark Allen and wife, Stephen Moffett, Sam Lott and wife, Joseph Peterson and wife from among the Nez Perces, with Rev. George Waters and wife from Yakima. Several have joined the temperance society and two united with the church. The meeting will continue through Thursday of this week.

**Style Show Big Success.**  
A great crowd of ladies attended the first style show Saturday, conducted by a number of the local business houses for the display of their spring garments. The Alta theater was crowded from 2 until 4 with women and girls eager to see the latest thing in suits, gowns and hats. Pretty girls paraded back and forth on the stage with the spot light turned upon them to show off the clinging draperies and Parisian bonnets. There were some stunning costumes too and whispers of admiration met the advent of every model. The show was not without its humor, for one of the models, in her haste in getting into a gown that looked very much before as it did behind, got it on backwards in front and sallied forth blissfully unconscious of the error. O tempora! O mores! So changeable and freakish are the styles of nowadays that few in the audience detected the reverse array of the garment and some actually went into ecstasies and said among themselves, "Poiret has outdone himself again."

**Opens Sporting Goods House.**  
G. I. LaDow, who recently sold his hardware store to Geo. C. Baer & Co., has purchased back the stock of sporting goods which was carried in the store and today is moving them to the Roesch building, corner Court and Cottonwood and will open an exclusive sporting goods house, carrying athletic equipment, bicycles and guns besides taking the agency for the In-

dian motorcycle. The building is being remodeled and a new front put in. Chester Minkler, Mr. La Dow's son-in-law, will be in charge of the business. Mr. Baer disposed of all of his sporting goods except his stock of firearms which he will retain. He intends adding an entire line of granite wear immediately.

**Two Marriage Licenses.**  
A marriage license was issued today to Olin Dean Long and Mary L. Lehti and one was issued Saturday to Roy E. Burke and Ora May Bourker. All are residents of this county.

**Given 10 Days to Plead.**  
Circuit Judge G. W. Phelps has allowed Water Commissioner Marion Jack and Will Moore ten days in which to make additional pleading in the quo warranto proceedings brought by Stephen A. Lowell for their ejectment.

**Lots Are Sold.**  
Lucinda C. Cook to Henry C. Mills for \$450, lot 9, block 177, Reservation addition to Pendleton; Frank M. Olinger to D. W. Olinger lots 3 and 4, block 12, Pierce and Elam's addition to Milton for \$450.

**Howard Boy Released.**  
Examination by physicians failing to show that George Howard is suffering from pressure on the brain, his parents asked Judge Maloney to be allowed to take the boy under their custody for another two weeks trial, and he was released. He appeared very penitent this morning and promised to reform.

**Bulgin Special From West.**  
For the first time since the Sunday motor service has been discontinued, the motor car made a trip yesterday between this city and Umatilla. The occasion was the fabrication meetings here, a crowd of west end residents desiring to hear the evangelistic services. The car arrived at 1:10 and returned at 11 p. m.

**Thrown From Rig.**  
John Reid, driver from Penland Bros., left this morning for Walla Walla in response to a message stating that his sister, Mrs. Robert Stevens, had been thrown from a rig and severely injured. Mrs. Stevens was formerly Mrs. Maude Campbell of this city but for some time past she and her husband have been farming on the Ammot place near Touchet.

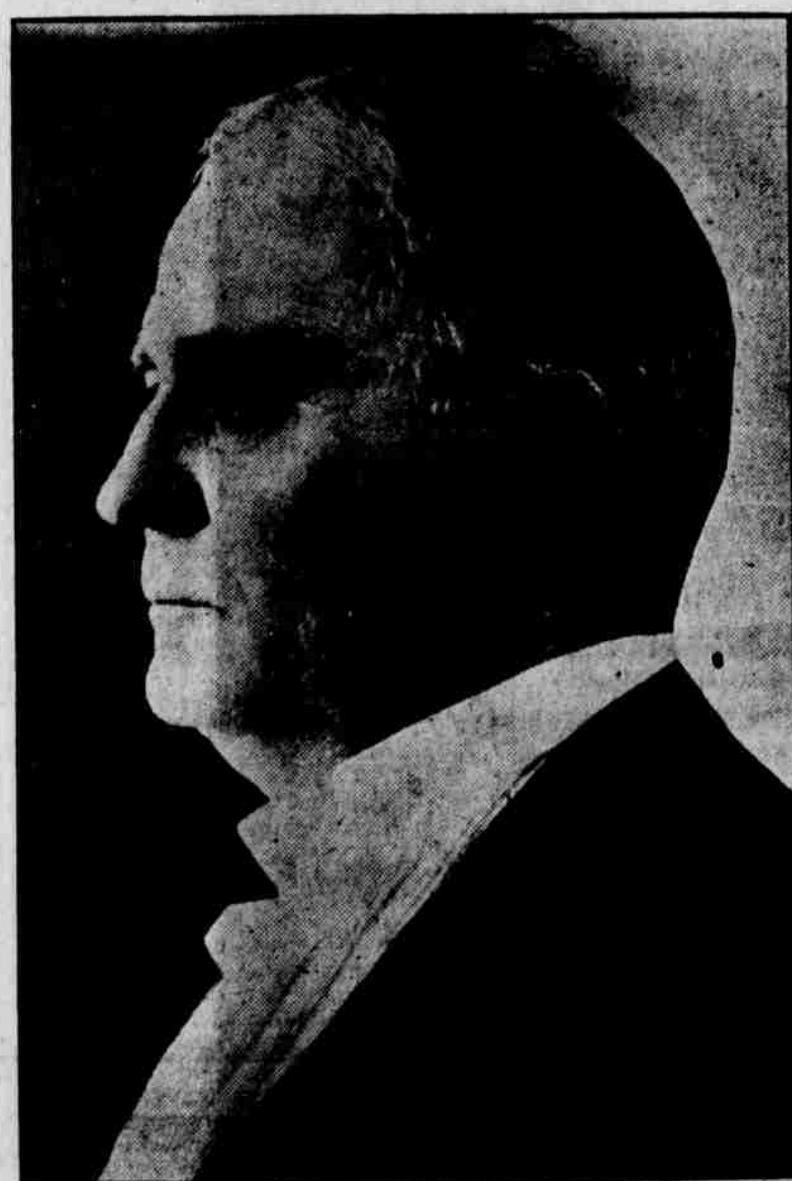

**Attend Murder Trial.**  
Several colored people of this city who attended the party in Walla Walla which was terminated by a murder left this morning for Walla Walla to appear as witnesses at the trial. The widow of the murdered man, Mrs. Cunningham, is now working here as a domestic as is also another witness, Mrs. Joe Cunningham who until her marriage a few days ago was Miss Essie Hill.

**Baseball Committee Out.**  
The directors of the Pendleton baseball club started out this afternoon to raise the money necessary for the putting of a team into the field. Having decided to make another trial of organized ball upon the new plan of reduced expenses, they will circulate among the business men and fans to see what financial assistance is forthcoming. Previous to starting out they had received some very encouraging assurances.

**FLYLESS TOWN CAMPAIGN**  
(Continued from page one.)

vassed in order to locate all breeding places of flies. That will be one part of the work. Another part will be the placing of Hodge fly traps into every family which will have one. The manual training department of the high school will manufacture these traps at the cost of the material and, this cost being small, it is expected that many will be ordered.

### CHAMP CLARK, SPEAKER OF HOUSE

CLARK DENIES THAT HE PREVENTED ROLL CALL

WASHINGTON, March 9.—Speaker Clark celebrated his 64th birthday by denying he had arbitrarily prevented a roll call on the resolution to expel Congressman McDermott of Illinois on account of the Mulhall charges. The accusation against Clark was made by Charles Zueblin, a former professor of Chicago. "His words are a base and malicious slander and reflect on the integrity of the house," declared Clark from the rostrum.

### FANS PLEASED TO SEE LODELL PILOT

Believe He Will Put Scrappy Team in Running—Other Notes of the Sport World.

Local fans are pretty well pleased over the selection of Al Lodell to captain the Buckaroo team during the coming season. They figure he is a known quantity and, while he may not prove a McCredie or a McGraw, neither will he develop into a fizzle.

Lodell took the job of pilot last year after McKune had been dispatched back to Portland. At the same time that Terry departed, some of the best players were lost through various reasons and Lodell was given a makeshift team. He responded by instilling a fighting spirit into the remnants and was able to win as many games with it as did the high-priced bunch of the first half of the season. Lodell has plenty of baseball sense, is a most steady influence on first base and has always been the one man on the team who keeps up his pep and nerve in the face of hard luck and adversity.

Here's to Lodell, the big chief Buckaroo of 1914. Long may he ride!

Homor Haworth, who caught and played in the outfield for Pendleton last season, worked behind the bat for McCredie's Regulars Saturday in a game with the Yanigans, the first practice game in training quarters. In the same game, Bobby Davis who went up to Portland from Walla Walla, rapped out a home run his first time at bat.

Jack Barry, erstwhile New York Giant, subsequently generalissimo for Seattle and who took hold of the reins for La Grande year before last for a few weeks, has forsaken baseball for the movies. He is now an actor before the lens. Barry is remembered principally as a brawler whose departure from the Western Tri-state nobody mourned.

Tommy Boylen, the Pendleton boy who has made good in basketball and track at the University of Oregon, has gone in for a new branch of athletics. He is a member of the varsity soccer team, the first collegiate soccer team of the northwest. Its first game was played Saturday with the champion Columbia team of Portland and Boylen played at the inside right position. The score for the game was 2-2.

Cotton Harmon, Walla Walla's premier fielder and batter, declares he will not play the game this year. He has gone back to the farm, but, if Walla Walla gets behind in the pennant race, he may do the Cincinnati stunt and come to her rescue.

Jockey Bennett has returned from Murley, Idaho, where he fought a ten round draw several nights ago with Yankee Rue. He will leave in a day or two for Aberdeen to meet Tex Vernon, a featherweight who is rising rapidly in the fight game. Vernon's real name is Myron Kilgore and a few

years ago he was playing football for the Portland schools. He looks up on Bennett not as a clever boxer but as a hard miller and thinks if he can dispose of him he will have established something of a reputation.

Fritz Lundstrum, shortstop for Walla Walla last year, wanted the job of running the Pendleton team this year. Walla Walla offered him to Pendleton and now that Lodell has been signed, will probably turn him loose because he is too costly to hold and stay within the salary limit.

Floyd Payne, the Athena freshman at the University of Oregon, romped across the finish line an easy winner of the annual interclass cross-country race, run between halves of the Oregon-Columbia soccer game at Eugene lately. He covered the course in 15 minutes and 20 seconds. Sixteen started and eight finished.

The senior team, running but one lap, donned the traditional sombreros, lit pipes, caught their wind and five minutes before Payne appeared, circled the track, thus furnishing the comedy for the crowd.

The freshman team, composed of Payne, Langley, Boswick and Smith, won the trophy cup offered. Payne received the gold medal donated to the winner.

**VERY FINAL.**

"What is the matter?"  
"She has rejected me again. She says this is final."

"Did she say how final?" inquired the older and more experienced man.
